NEW-YORK TRIBUNE.

CUTY ITEMS.

Winter scowled only the more scornfully around the horizon yesterday, at the attempt of the Sun to force a breach in the mass of cloud that has shrowded the earth so long. If these "clearings up" would only not end in "clearings out," we should have more faith in chrystal Winter weather.

A NEW WRINKLE FOR CHRISTMAS.-We were attracted by the sign "Patent Merchandise Company," 240 Broadway, opposite the Park, to look in at the establishment, expecting to find a curi. osity-shop of new mechanical inventions. Instead of this, we discovered a rich and beautiful collection of tasteful articles of parlor furniture, on a new plan, combining convenience and elegance in a remarkable degree, and which should not be overlooked by any about to enter the "holy state's of housekeeping. Among these articles are a great variety of fancy chairs, tables settees, ornamental work, and other contrivances adapted for Christmas gifts, which we advise our friends, especially those from out of town, to examine. We shall gain further particulars of this attractive establishment in a day or two.

We learn that to morrow evening Rev. John Grigg of this City will deliver the first of a series of Lectures at Constitution Hall, 650 Broadway, on St. John's Revelation. The remarkable events daily transpiring in the civil and religious world, render the Apocalypse of unusual interest at present. Mr. Grigg's past studies eminently At him for this difficult task. Judging from his preliminary Discourse of last Sunday, we should say these Lectures will possess no ordinary value and interest. Service commences at 71. Seats

THE CHARITY LOTTERY FOR THE HELENA SLO-MAN SUFFERERS .- The public are not to understand from Mr. Maxwell's [Card, that this enterprise is suspended. On the contrary, the artists have contributed their pictures, the sale of tickets advances rapidly, and ample notice will be given of the place and time of drawing. We are glad of the opportunity this announcement offers us of commending once more to our readers this most humane and generous undertaking. Tickets at \$1, for sale at the various headquarters of art, and at The Tribune, Courser, and other offices.

All the musical and dramatical stars now in town unite in one grand constellation of brilhance to night at Niblo's, for the third annual benefit of the American Dramatic Fund. The Ravels Sir Wm. Don, Madame Bishop, Truffi, the new danseuse M'de Frank, Signora Bertucca and Ma retzek. One can sum up the town celebrities by hearing and seeing them to night at Niblo's.

FRANLIN LITERARY ASSOCIATION .- The 13th Anniversary of this Society, which was to have taken place on Thursday evening was postponed on account of the inclemency of the weather, to Monday evening next.

Another Stage Driver Fined.-The Mayor fined Thomas McCoy \$10, for driving one of the omnibusses running on the Fourteenth st. and

GENEROUS ACT OF KINDNESS .- A highly respectable gentleman of this City, lately took passage in the splendid packet ship Devonshire, Capt. H. Hovey, for Eu-rope, for the benefit of his healsh. On his arrival in London, a stranger iff a strange land, he found his health rapidly declining, and being so much enfeebled as to in. expactitate him for traveling, Capt. H. with trae-hearted kindness, volunteered to accompany him to Liverpool, re-mained with him there several days, (affording him the at tention of a brother,) until the sailing of the steamer, when he placed him on board, using every effort to secure for him the care and attention which his situation required; though, unfortunately, every attention proved unavailing to restore our friend to his native land. Disinterested be nevolence, such as this, tends to redeem human nature from the charge of universal selfishness, while it secures to the individual our highest esteem and regard.

LADIES' FESTIVAL AND FAIR,-The Ladies of the Fourth-st. Universalist Church will hold a Festival and Fair at the Collseum Rooms, 450 Broadway Monday afternoon and evening, Dec 23 A great variety of useful and fancy articles, with books and toys suitable for the holidays, will be offered for sale. Revs. E. H. Chapin W. S. Balch, T. B. Thayer and others, are engaged to speak. An excellent Brass Bund also engaged. Tickets 25 cents, to be had at the door.

ROBBING A HATTER.-It will be seen by an advertisement in another column, that Knox offers a hand-some reward for the detection of the scamp who entered his Hat manufactory the other night, and stole a large

MUSICAL INSTRUMENTS .- The following article

is communicated by a musical correspondent: "We were much pleased, one evening about a week ago We were much picased, one evening atoms a week ago by the effect produced by an instrument called a 'Double Grand Action Pisno.' What would our grandmothers, who were in cestacies with their spinnets and harpsichords, have thought of such an instrument? They would have looked upon it with as much wonder as did the old Knick. erbockers and the primitive Dutchmen of the Hudson River upon the first steamboat. Yet the 'Double Grand Action Piano' is no novelty now. It is a fixed fact, calculated to produce very little wonder except among those whose reflective faculties are very largely developed.—The improvements constantly made in the manifacture of Planos is wonderful. G. & H. Barmore, 318 Bleecker-st corner of Charles, have a factory for the fabrication of Pianos, which is a gem in its way. Messrs. G. & H. Barmore have a lot of instruments on hand which, in consequence of their delicacy of tone and touch, beauty of finish and dura-ble qualities, are worthy of very general attention. We like to notice every improvement made in the useful, orna-mental and mechanic arts, and we have therefore given the

NEW CHURCH.—The Tabernacle Baptist Church, a new and beautiful editice, will be opened for public worship to morrow. See Religious Notices.

Hon. Daniel Webster has signified by telegraph his intention to be present at the Pilgrim's Dinner on Monday next at the Astor House. Mr. Webster's duties will not permit him to remain long in the City. He contemplates returning on Tuesday morning.

We call attention to the advertisement in another column of a new literary paper, published in this Chy under the title of Parker's Journal. It is highly spo-

CARPENTERS' MEETING .- A large and enthusiastic meeting of House Carpenters was held on Friday evening at their headquarters, 179 Wooster-st. Charles De. ver in the Chair, and Charles H. Castles, Secretary. After the usual routine of reading the minutes of the meeting, the subject of an Eight-hours Home Association was taken up and warmly discussed, in which Mesers Ben Price, Andrew White, James Bassett, H. M. Smith Rich'd Hennesy, A. C. Depue, E. Lloyd, Albert Blauvel, and several others took part, and after considerable depating the subject was ordered to lay on the table for two weeks. The meeting then adjourned to meet again on Jan. 3, 1851.

The Editor of the Home Journal is not tardy in discovering interesting places and things about town, and when found, he sometimes 'makes a note of,' as

sown, and when found, he sometimes 'makes a note of,' as witness the following on a large establishment up town:

— It's not strange that the blessed saints' and angels' prayers rise unheeded by our ears, when we reflect upon herw little we know of what the living do for us. The most of us have an idea that we are even with the world, and ewe it nothing, forgetting in our self-will the many things that are purposely and unconsciously done by persons that we do, and do not know, for our benefit. To illustrate you become tired of reading or lounging at home, and lempted by the fine weather, you step into your carriage or the omipious, and alight at a store in Broadway—yeu enter, and discover, that some article which you have long required, to increase your confort or graify your tasse, awaits you. The patient Chiosee, the thoughtful German, the gay and Art-loving Frenchman, the home loving and home-adorning Eaglishman, were working for you, months ago, while you were dancing at Sara oga or bathing at Newport. Artists in other chinese, and under other skies, were designing with care and skill for your gratification; manufacturers were expending thousands of dollars for machinery and materials to carry out their intentions, and workman laboring days and weeks to perfect and finish to your liking, an

article which, after being brought by land and sea over one-half the globe, is offered almost at your door, at a price which would not be more than a tithe of the sum paid the designer. We confess that we are mortal, and have weaknesses, and our peculiar one is a pride in the nineteenth century, when without possessing Aladdin's lump, we can gratify our wishes, at a cost which we are willing to pay in consideration of not being startled out of our editorial composure by the appearance of the "horrid utgly" Genii that waited upon it. We were led to those reflections by seeing, at the Borrians, 60 Broadway, (where we have occasion to to select articles to be angraved for the House Reger's Department.) the immense variety of goods which they offer for sale. House farnishing articles are generally supposed to conject of Pots, Kettles, Pans, etc.; but these gentiemen, in their endeavors to create a complete establishment of its kind, have added an extensive assurment of rick sind, and the peculiar beauty of some of the large waiters structing our attention, we were tempted to inquire the price, which, we found, varied from twenty to one hundred dollars each. The Alanthus Epergue, a magnificent center-piece for the dising table, one hundred and seventy dollars, and a great variety of Liquir and Crust Stards. Where Coolers, Ura, etc. at different prices, beside which they have gathered from different countries a varied and ounique assortiment of Fancy Articles, a description of which is imposible, they being almost innumerable, and many of them, at this senson, being ust what you wish to present to a friend-articles that, without being expensive, are singularly cardous and odd that appearar correlation their friends, we should advise them to go first to the Berrians.

BROOKLYN ITEMS.

DEATH AT THE COUNTY JAIL .- On Wednesday DEATH AT THE COUNTY JAIL.—On Wednesday evening, a man was seen to jump from one of the South Brooklyn ferry boats, and to float up the river. A boat, containing two men, went in pursuit of him, and succeeded in picking him up, near the foot of Jerolemon-st. They immediately conveyed him to the Jail, in Raymond-st., where, notwithstanding every effort was made by the physician and attendants, the poor man died about daybreak yesterday morning. The deceased was respectfully dressed, and, from papers found on his person, is supposed to be a German found on his person, is supposed to be a German shoemaker, of the name of Andrew Deninger.—
The Coroner held an inquest yesterday, and the jury found a verdict in accordance with the above

FRIDAY, Dec. 20-P.M. The Stock market was generally firm at the First Board, and every description but Norwich and Worcester improved somewhat. At the Second Board, however, some 2,000 shares of Eric were thrown in the market by one seller, which broke the market down to 871, a decline of # \$ cent. After the Board there were sales at 873, and that price bid for more. Farmers' was firm but generally the market was heavy. After the late rapid rise in Stocks a reaction is very natural. In Government there was not much doing.

The business in Exchange for the steamer of Saturday is small and the rates are rather softers but without change of importance. Sterling is 10 2 10½; Francs 5.17½ ₱ 5.17%.

The market for Freights is quiet, but holders are firm at 18d for Flour; 41 @5d for Grain; 3 16d for Cotton: 500 bbls Resin were taken at 18d to London, 500 bbls Oil at 20s. To California the busi ness is moderate.

An order has been granted for the sale of the Long Island Railroad, its property and franchise in April next, without the restriction of the Brooklyn and Jamaica Railroad lease. The debts of the

company amount to about half a million of dollars. The arrival of the Cherokee from Chagres with \$1,680,000 in gold dust on her manifest, brings the amount already received this month to \$3,400,000. in addition to the amount brought in the hands of the passengers of three steamships, certainly not less than \$600,000 more, making \$4,000,000. Ohio, which will be due in a few days, will bring One, which will be due in a to day, and an a further amount. The Panama and Antelope for Panama, from San Francisco, had on board two millions of dollars. These continued large receipts of gold give great confidence in the street of the continuance of the present case in the money
